

[illegible][illegible]

(2.5 points). The first part of the problem is to find the PDF of the sum of two independent random variables. The second part is to find the PDF of the product of two independent random variables. The third part is to find the PDF of the ratio of two independent random variables. The fourth part is to find the PDF of the maximum of two independent random variables. The fifth part is to find the PDF of the minimum of two independent random variables.

The third part is to find the PDF of the ratio of two independent random variables. The fourth part is to find the PDF of the maximum of two independent random variables. The fifth part is to find the PDF of the minimum of two independent random variables.

1. The first step is to identify the PDF file that contains the document. (2.5 points)
 2. The second step is to open the PDF file. (2.5 points)
 3. The third step is to search for the document. (2.5 points)
 4. The fourth step is to view the document. (2.5 points)
 5. The fifth step is to print the document. (2.5 points)
 6. The sixth step is to save the document. (2.5 points)
 7. The seventh step is to delete the document. (2.5 points)
 8. The eighth step is to move the document. (2.5 points)
 9. The ninth step is to rename the document. (2.5 points)
 10. The tenth step is to share the document. (2.5 points)
